

## EOQ National Business Partner (NBP) Agreement

### The purpose of this agreement is to:

- Organize, facilitate and support implementation of EOQ products and service as agreed through non-profit, or for-profit organizations as EOQ Partners, within the framework of the EOQ Statutes.
- The target of an EOQ National Business Partnership is the development of common understanding of the respective visions and missions, and possible cooperation activities based on individual agreements.

### General terms and conditions:

- EOQ shares, together with other organizations, the common interest of serving the organizations it represents in their transformation to higher quality performance. Therefore, and given a high degree of mutual respect, EOQ wishes to seize the opportunity to develop synergistic partnerships with such organizations. The aim of such partnerships is to increase each of the organizations' effectiveness and to create, together, a positive impact, greater than the individual efforts alone.
- The EOQ National Business Partners are quality country organizations (profit and non-profit) from inside or outside Europe with which EOQ wants to exchange knowledge and experiences. They share with EOQ the mission to develop quality in their country to implement and provide EOQ products and/or services.
